CALLING HEALTH CARE CHAMPIONS!

ABOUT FLORIDA VOICES FOR HEALTH

Florida Voices for Health is a statewide health care advocacy organization. We are dedicated to improving the health care system for all Floridians by empowering Floridians to share their stories and building relationships with decisionmakers.

ABOUT THE 2025 SUMMIT

You are invited to sponsor Florida Voices for Health's 2025 Summit: Hope and Healing in a Fragmented Democracy, an annual convening that brings together health care advocates, professionals, and stakeholders from around the state. This year, attendees will participate in comprehensive discussions on the most pressing health care issues today in Florida, including: outcomes of the 2025 Florida legislative session, the latest from Washington DC, rural health and hospital closures, and more. In addition, the 2025 Summit will provide practical skill-building to strengthen personal and organizational advocacy, with workshops addressing how to turn ideas into legislation and how to communicate on healthcare with audiences across the aisle. Our Keynote speaker is Dr. Jamila Michener, an Associate professor in the department of Government at Cornell University. She will highlight ideas from her book, *Fragmented Democracy*, unpacking how federalism transforms Medicaid beneficiaries' interpretations of government and structures their participation in politics

WHY SPONSOR THE 2024 FLORIDA VOICES FOR HEALTH SUMMIT?

Securing the equitable health care system we're fighting for will take more than conference calls and emails. We must all come together to broaden our networks, hear different points of view, and deepen our relationships.

The 2025 Florida Voices for Health Summit is a great opportunity for your organization to connect with participants from a cross section of industries including advocates, health care providers, policy makers, health care attorneys, physicians, students, members of the business community, navigators, and certified application counselors (CACs).

As a sponsor, you'll be crucial in bringing together Floridians with the skills and powers we need to win. Your organization will be prominently featured, exposing a new audience to your brand and role in the work.
